The Spa ~ Los Gatos is a day spa like no other. Tastefully decorated to reflect our welcoming and elegant attitude, our spacious, comfortable and warm surroundings ease our guests into a healing and stress-free environment. Guests are presented their own robe, slippers and locker upon arrival. The lounge areas are roomy and hallways are amply dotted with overstuffed arm chairs. While waiting for your therapist to escort you to your private treatment room, we invite you to help yourself to a complimentary beverage and a light snack in our library.

For those who are with us to enjoy massage therapies, a private steam shower waits for you at your treatment's end. The added touch of aromatherapy oil in your shower ensures the release of any lingering tensions.

Each day, our staff consults with our guests to create a unique, customized treatment. Whether it's a hydrating facial, signature massage or a new hair style in our AQUA Salon, every scent, feeling and process is refined to suit you perfectly. We never

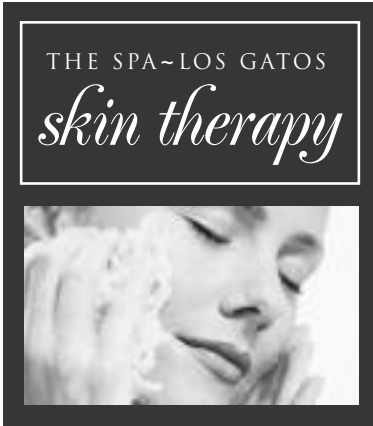

skimp by using lower quality, generic products. All of our treatments are enhanced with carefully selected, professionally developed, domestic and imported product lines.

Be sure to also discover the cosmetic medical services offered on our second floor. In the privacy of our Spa, you can explore the benefits of a variety of non-surgical, non-invasive cosmetic procedures such as Botox, Juvederm, Restylane®, Laser Rejuvenation and Hair Removal.

Once you are relaxed and recharged, we provide you with a fully stocked changing and vanity area to prepare for whatever awaits for you outside our doors.

Our World is here at the base of the Santa Cruz mountains – as an escape, a means of wellness and rejuvenation, or simply to bring yourself to a peaceful mindset. Be it anti-aging or stress reduction, our goal is to address all aspects of your well being in the most soothing and professional environment possible.

Escape to Our World...

ABOUT THE PRODUCT CHOICES WE PRESENT YOU...

We are often asked why we don't carry a "signature" line of skin care products that we label as our own. Simply put, we choose not to because it would go against our goal of bringing the highest quality product we can to you, our clients. We believe that our clients deserve the expertise and effectiveness that comes only with products backed by companies who invest in continual research and

development needed to provide the most effective, safe and state-of-the-art skin care products.

Our devotion to this level of product reflects our commitment to providing the best service and expertise to our clients. Please feel free to ask us more about why we carry the product lines we have and what they can do for you.

Common questions, helpful answers...

IS PARKING A PROBLEM?

When planning your arrival time, please make sure you allow ample time for traffic and parking. We have several free unlimited-time parking areas very near The Spa, and there are also parking spaces behind our building dedicated to Spa patrons only. Directions and maps (including parking areas) are available on our website.

WHAT WILL I DO WITH MY PERSONAL BELONGINGS?

The Spa provides you with a personal locker and key. We do regret that we cannot be responsible for lost or stolen items, so it might be best if you left your valuables at home to ensure their security – especially jewelry, as we will ask you to remove it before any spa service.

WHY SHOULD I ARRIVE EARLY FOR MY SERVICE?

We recommend that you arrive at least 15 minutes prior to your first treatment. This not only allows you to check in, but also to take advantage of our beautiful library area where you can sit and enjoy some complimentary light refreshments as you relax and unwind prior to your service. Arriving late for your service will deprive you of valuable treatment time.

SHOULD I SAY ANYTHING DURING MY SERVICE?

Communication with your therapist is encouraged. For example, if the pressure of your massage is too light or too hard, let your therapist know. You should also let them know if you want them to focus on or avoid certain areas (such as ticklish or sore spots). Feel free to voice any questions or concerns; treatment time is your time.

WHAT SHOULD I BRING?

Because robes, slippers and towels are provided, you need not bring any special clothing for your spa service. We provide you with blow dryers, brushes and other products in the lounges if you'd like to utilize them instead of bringing your own, but you may want to bring your favorite make-up and curling iron.

WHAT SHOULD I TELL MY THERAPIST?

Disclosing any medical conditions or prescription medication you are using before your service begins is very important. Allergies, pregnancy, high blood pressure, etc. may be affected by certain services.

WHAT DO I WEAR DURING MY SERVICE?

Most people will undress completely for facial, massage and body therapy treatments. If you prefer, you can wear undergarments. Proper and conservative draping techniques are always observed during our treatments and robes are provided for all our guests to use during their time here.

CAN I REQUEST A MALE OR FEMALE THERAPIST?

Our staff wants you to be as comfortable as possible during your services. If you have a preference as to gender, please indicate so at the time of your booking. We will do our very best to accommodate you based on availability.

WHAT IF I'M PREGNANT?

Pregnant women in their first trimester and women with a high-risk pregnancy should avoid many types of treatments at spas. If you are pregnant, be sure to tell the Spa Hostess your current status when booking any appointments. They will know which treatments are suitable and which are not. Always check with your obstetrician before going to any day spa.

HOW DO I DEAL WITH GRATUITIES?

Gratuities are always appreciated! Unfortunately, we are unable to accept them on credit cards, so it's best to be prepared with cash or a check. Typically, when you receive a gift certificate, the gratuity is not included. Gratuity envelopes are available at the front desk at the time of check out for your convenience and should not be dealt with in the treatment room.

CHECK-IN

Please arrive at least 15 minutes before your scheduled appointment. This will allow adequate time to change and relax in our library before your treatment.
